

**Royal Birthday Homage for
Her Majesty Queen Suthida Bajrasudhabimalalakshana
Royal Birthday Anniversary, June 3, 2020**

The Royal Birthday Anniversary Celebration on 3rd June returns once again and allows us the whole Thai nation to join in wishing Her Majesty, a Happy Birthday. This celebration indeed reminds us of not only Her Majesty Queen Suthida's benevolent missions for the Kingdom, gracious and warm gestures rendered to Thai people, but also a vital role the queen means for the Monarchy Institution. Over a year, Her Majesty has demonstrated tireless effort and contributed greatly for wellbeing of Thai people. Queen Suthida's support and assistance on several royal projects along side with His Majesty the King testify a true blessing upon which Thai people are bestowed.

With Her Majesty's beaming smile, grace and ever elegant appearance, Queen Suthida adroitly performs numerable works for the nation, which has been handed down to the immediate members of royal family through centuries by the queens in the past reigns. Thailand's leading projects on arts and culture, health-care, religions, and education, upheld by the queens in the past, now experience an efficient management by Queen Suthida. As such, Her Majesty's royal duties indeed *"continue, preserve and build upon the royal legacy,"*

passed on by the past queens, thereby reflecting what His Majesty the King proclaimed in his first royal command.

On December 7 last year, at the golden jubilee of Assumption University, we were blessed and privileged to witness Queen Suthida's wisdom and keen interest for development of the Kingdom. Presiding at this grand celebration, the queen exchanged views with audience, gave advices and showed a solid support to faculty members, students, and departments.

As Thailand and the world over are now facing with the COVID 19 pandemic, Her Majesty's discernment, guidance, and generosity are instrumental for Thai people to observe social orderliness, practice right hygienic behavior, and, maintain our strong morale in order to overcome all obstacles and surpass the crisis with no difficulty.

May we take this opportunity to express our deep gratitude to Her Majesty Queen Suthida, and humbly wish Her Majesty good health, peace and joy.

We, the Administration, Faculty members and Staffs, Students and Alumni of Assumption University.
